

AF7 - Subgroup RF - miniWorkshop on RF Systems and Sources

Thursday, December 17, 2020

RF Sources (10:40 AM - 12:20 PM)

time	[id] title	presenter
10:40 AM	Higher Efficiency High Power RF Generation	JENSEN, Erk
11:00 AM	Developing modular, compact, low-voltage klystrons and advanced components for RF sources	WEATHERFORD, Brandon
11:20 AM	Advanced rf Source Modeling	Prof. TANTAWI, Sami
11:40 AM	High Efficiency, Low Cost, RF Sources for Accelerators and Colliders	IVES, R. Lawrence
12:00 PM	Advanced Klystron Development for High Peak Power and Variable Pulse Structure	HAYNES, Brian
